## Biography:

Martha is a young gal, only 18 months old. She is a sweet girl who loves people. Martha loves to play with her jingle balls and teaser toys, and she definitely loves her treats! Martha would love to be the only cat in her home.

Martha's adoption fee is \$129, and includes her veterinary health exam, spay, vaccinations, deworming, FIV/FelV testing, tattoo and/or microchip.

If you are interested in adopting Martha, please talk to one of our volunteers to learn more about her, or fill out an online adoption application and one of our volunteers will contact you.

# Support RS

**I'm Bert!**  
**Have you met**  
**my brother Ernie?**

Monetary Donations are always welcome. We use these donations to cover medical care, food, litter, and so much more. Rescue Siamese is a non-profit, 100% run by volunteers, so you know 100% of your donations are going to the cats care. We accept Paypal, cash, cheque, and etransfer.

We are also looking for donations of new and gently used items for our online auctions. Please contact us if you have an item you feel would be suitable.

Rescue Siamese is looking for individuals who want to host a garage sale with proceeds to support our cats in care. Please contact us for details.

**Want a furry companion,  
but not the expense or commitment?**

# **Why Not Foster?**

**We are looking for Foster Families for  
short term, long term and  
permanent placements.**

**Do you have room in your heart and in your home for a cat, but don't want the expense or long-term commitment? Rescue Siamese is looking for foster families who can commit for a week, a month, a few months or for a special cat. Foster cats can be:**

- a cat found alone on the street**
- a litter of kittens**
- a senior cat who needs a quiet place**
- a cat who has a temporary or permanent medical concern**
- a cat who needs a break from living in the shelter**
- and many other reasons**

**Did you know that Rescue Siamese is a true no-kill shelter? When one of our adoptable cats develops a medical concern, we ensure they receive the compassion and medical care our volunteers want for their own cats. Some cats receive a prognosis where adoption becomes unlikely. In these cases, we arrange for the cat to live comfortably in a permanent foster setting.**

**If you are interested in fostering, please contact us at

# Alumni News

## Update:

Noelle was scooped up off the streets of Thompson in November 2022, at only 6 weeks old. She was alone, no siblings or mother, and it was already getting cold when an amazing person caught this feisty little girl, and sent her on a Calm Air flight to Winnipeg to be cared for by Rescue Siamese.

She was adopted in January, 2023, and here is a picture sent in by her adopter. She is well-loved and spoiled. She's come a long way from the scared, feral kitten she used to be.

If you would like your Rescue Siamese Alumni featured in a future newsletter, please send us a picture and their story.

# Recently Adopted!

**Magic (now Oliver)!**

Oliver is absolutely cherished. He is the sweetest little guy who loves to snuggle and give kisses! Chasing his favourite feather toy through the house, basking in the sun, & snuggling with his mom is how he spends his days. He follows his human everywhere and loves their trips together. He goes absolutely crazy for cat nip and will zoom throughout the home. From his adopter "I love him with all my heart, and am so grateful for Rescue Siamese finding my perfect match."
